Nissan QASHQAI. Defy Ordinary.

Qashqai - the original crossover - has done it again - defying expectations. It continues to overcome the challenges of the city, bringing excitement to urban drivers with its eye-catching, refined design, sharper advanced technologies, and enhanced connectivity.

The new e-POWER^[1] engine now offers up to 777 miles range on a full tank, on selected grades, with more responsiveness and smoother acceleration, whilst being significantly quieter for longer more peaceful journeys. e-POWER delivers an EV-like drive without the need to plug in like a traditional EV. Nissan Qashqai is also available as a Mild Hybrid powertrain.

N-Design grade brings you bold, distinctive styling with no compromise on comfort. Black Suede and black Quilted seat trim, dedicated 20" alloy wheels, two-tone paint and a fully-personalised interior add an extra level of dynamism and elegance to the range.

All you have to do now is decide which Qashqai is best for you

Vehicle shown is a Nissan e-POWER N-Design 1.5L 205PS. Fuel consumption: combined 62.8 mpg. CO₂ emissions: combined 103g/km Vehicle has been homologated in accordance with EU regulations using the more realistic WLTP test procedure.

[1] e-POWER is Nissan's electrified powertrain. It is not 100% electric. A petrol engine is used to power the electric motor which drives the wheels. Search Nissan e-POWER for more details.

Official WLTP data for Qashqai with New e-POWER (for comparison purposes): 62.8 - 64.2 mpg (4.4 - 4.5 l/100km). For grades with up to 62.8 mpg, range of single tank of fuel is up to 759 miles. For grades with up to 64.2 mpg, range of single tank of fuel is up to 777 miles. Figures indicative, shown for comparability purposes - actual real world results may vary depending on factors including the starting charge of the Lithium ion battery (e-Power variants), condition of the battery, accessories fitted after registration, weather conditions, driving styles, and vehicle load.

Images and descriptions shown are for guidance purpose. In some instances photos are of non-local specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may not be available as standard or only as option.

Sharp modernity.
Redefined.

With its sporty and dynamic design Qashqai is an icon redefined. It's bold, subtly sophisticated and resolutely striking, its LED lighting signature and sharply cut grille add a powerful expression of modernity.

Bold unique front grille

Painted rear bumper*

LED lights*

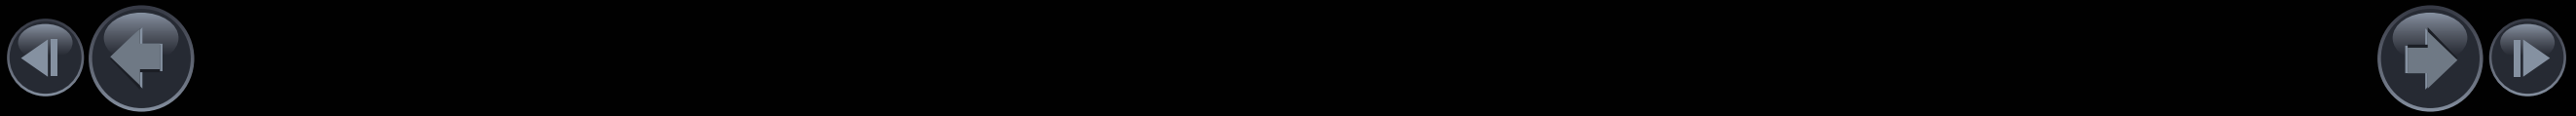

20" alloy wheels*

20" N-Design wheels* with a distinctive geometric pattern, plus LED lights with sequential turn signals* enhance an increased sense of poise and performance.

**Feature available depending on version, as standard or only as option (at an extra charge).*

Surrounded by refinement.

An elegant interior, featuring quality materials, stylish finishes and subtle, sophisticated, customisable lighting* designed to create an instant feeling of calm and comfort in a cabin you can truly make your own.

*Feature available depending on version, as standard or only as option (at an extra charge).

Elegance at its best.

Qashqai's cabin is designed for you. From two sharp, clear digital displays to the ergonomically-designed cockpit and seating configuration, to the convenient cup holder, USB-C outlets and storage space, everything is right where you need it.

Full 12.3" digital combimeter*

Frameless auto dimming mirror*

NissanConnect 12.3" infotainment screen

A true sense of harmony.

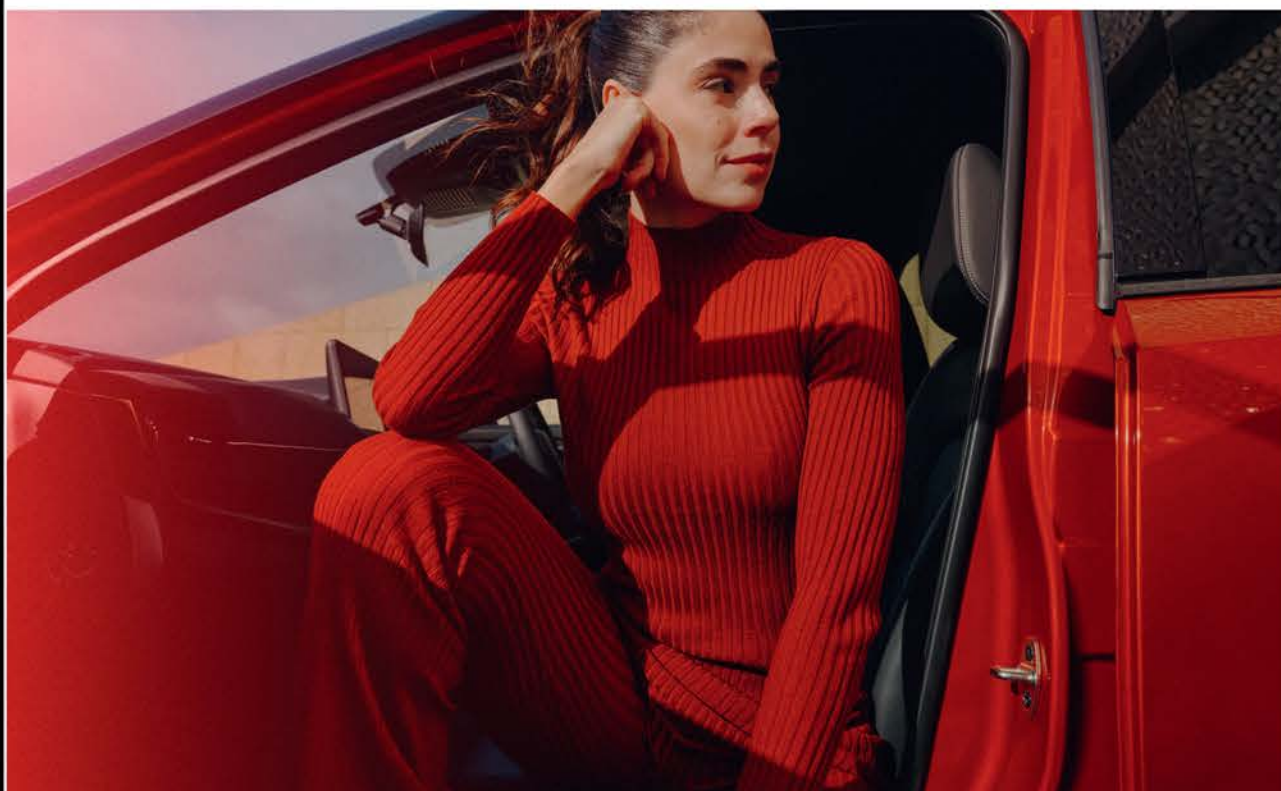

Step into a harmonious, refined interior. With quality materials carefully chosen to complement each other, it makes every journey more relaxing, more rewarding... more Qashqai.

Suede & Synthetic leather upholstery^[1]

e-POWER shifter^[2]

In-cabin quietness.

A completely redeveloped and optimised e-POWER engine combined with thicker glass and improved soundproofing means less road, wind and engine noises for a smoother and more peaceful journey. The new e-POWER hybrid engine redefines the level of comfort.

Fast (15W) wireless charger^[3]

Designed to the Qi charging standard & optimised for Qi certified devices^[2]

[1] Feature available depending on version, as standard or only as option (at an extra charge).

[2] e-POWER is a unique hybrid powertrain requiring petrol to fuel an electric motor. Search Nissan e-POWER.

[3] For non-Qi certified devices, wireless charging performance can be limited.

Stay connected to your vehicle,
the road and the world around you.

SIMPLE. INTUITIVE. CONNECTED.
NissanConnect Services^[1] make you and your Qashqai even more connected. Get control of features such as remind-me alerts, and speed alerts - all personalised for your driver profile.

FREEDOM OF CHOICE
Use Apple CarPlay[®]^{[2][3]} and Android Auto[™]^{[2][4]} to access your music, messages, favourite apps and more whilst you're driving. Benefit from in-car connectivity, wireless as standard across the range.

SMART-HOME CONTROL^[5]
Easily connect to and control compatible smart home devices whilst in the car for peace of mind and convenience such as lighting, air conditioning and even to start your dishwasher.

PERSONALISED DRIVING EXPERIENCE^[5]
Focus on your drive thanks to Qashqai profile personalisation* [for up to six drivers]. Your Qashqai recognises you and adapts to your needs & preferences including car language, radio station, journey settings & history, app, login and configuration.

On-board with Google built-in.^{[4] [5]}

Qashqai is now as much a part of your Google ecosystem as all your essential devices^[1]. Interact seamlessly and naturally in and out of your Qashqai by accessing core Google apps and services making your car a logical extension of your digital world.

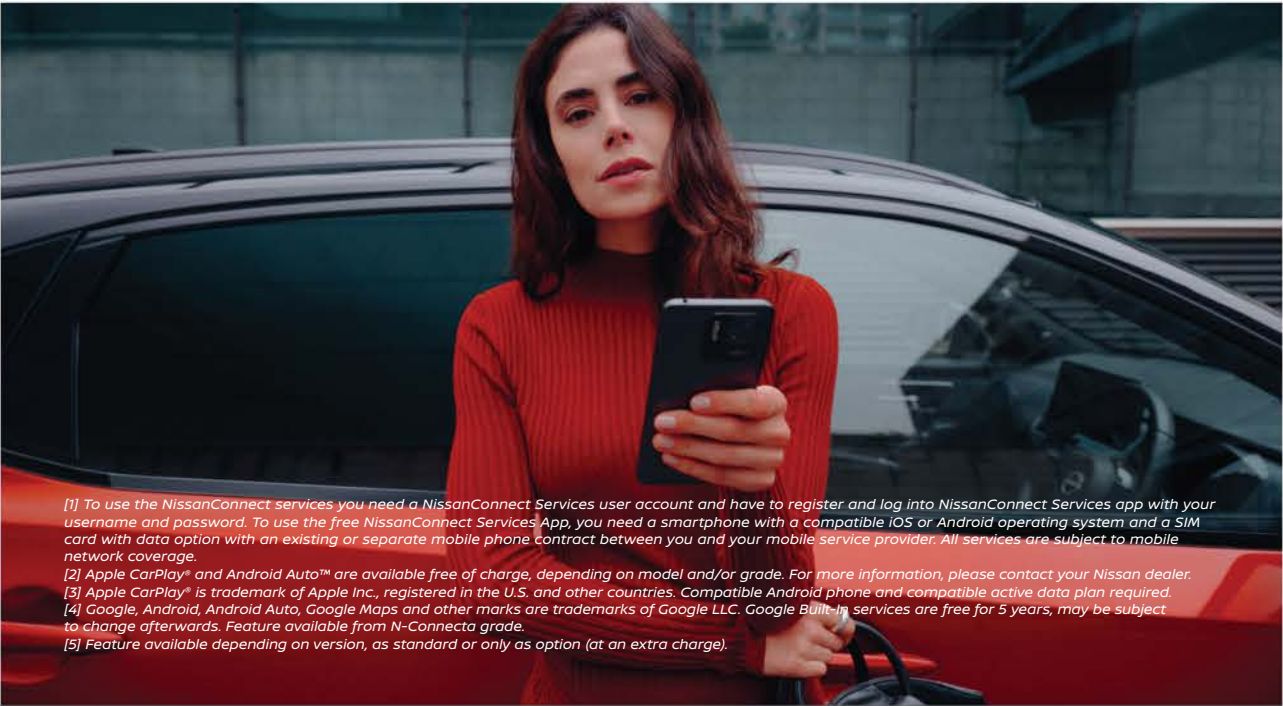

Talk to Google Assistant in your Qashqai to control functions such as navigation, calls & messages, calendar events creation and the A/C. Just say, "Hey Google" to get started.

Get Google Maps navigation with live updates and no need to connect your smartphone. Once connected to your Google Account, get a personalised experience with maps that match your routine, your preferences and your schedule.

Whether for functional needs such as parking or for pure entertainment, Google Play Store brings over 70 apps to Nissan's in-car catalogue when you're connected to your Google Account. Use of the apps requires an internet connection. You can purchase in-car WIFI or use your phone data.

^[1] To use the NissanConnect services you need a NissanConnect Services user account and have to register and log into NissanConnect Services app with your username and password. To use the free NissanConnect Services App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage.
^[2] Apple CarPlay[®] and Android Auto[™] are available free of charge, depending on model and/or grade. For more information, please contact your Nissan dealer.
^[3] Apple CarPlay[®] is trademark of Apple Inc., registered in the U.S. and other countries. Compatible Android phone and compatible active data plan required.
^[4] Google, Android, Android Auto, Google Maps and other marks are trademarks of Google LLC. Google Built-In services are free for 5 years, may be subject to change afterwards. Feature available from N-Connecta grade.
^[5] Feature available depending on version, as standard or only as option (at an extra charge).

Focus on what matters.

Nissan Qashqai is now equipped with advanced safety technologies^[1] to monitor the road and help keep you and your passengers safe. ProPILOT Assist with NAVI-Link^{[1][2]} creates a comfortable, relaxing driving while maintaining an ideal distance from the vehicle in front.

Nissan Qashqai, with its suite of active and passive safety technologies, has achieved a 5 star Euro NCAP safety rating

- INTELLIGENT CRUISE CONTROL**
Keeps your distance. It measures the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.
- INTELLIGENT FORWARD COLLISION WARNING**
Keeps an eye up to two vehicles in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.
- EMERGENCY LANE KEEPING**
A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.
- INTELLIGENT EMERGENCY BRAKING WITH JUNCTION ASSIST, PEDESTRIAN AND CYCLIST RECOGNITION**
Constantly monitors the presence of vehicles, cyclists, or pedestrians in your way. The system warns the driver and applies brakes if there is any danger ahead and if it is necessary. Junction Assist improves safety at intersections by reducing the risk of collision with upcoming traffic.

[1] Feature available depending on version, as standard or only as option (at an extra charge). [2] ProPILOT Assist with Navi-Link is available on N-Connecta grade and above. ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). Driver should monitor all traffic sign and obey traffic laws. It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time.
You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply. For terms and conditions relating to Nissan technologies, please contact your Nissan dealer or www.nissan.co.uk

Take a fresh view of parking.

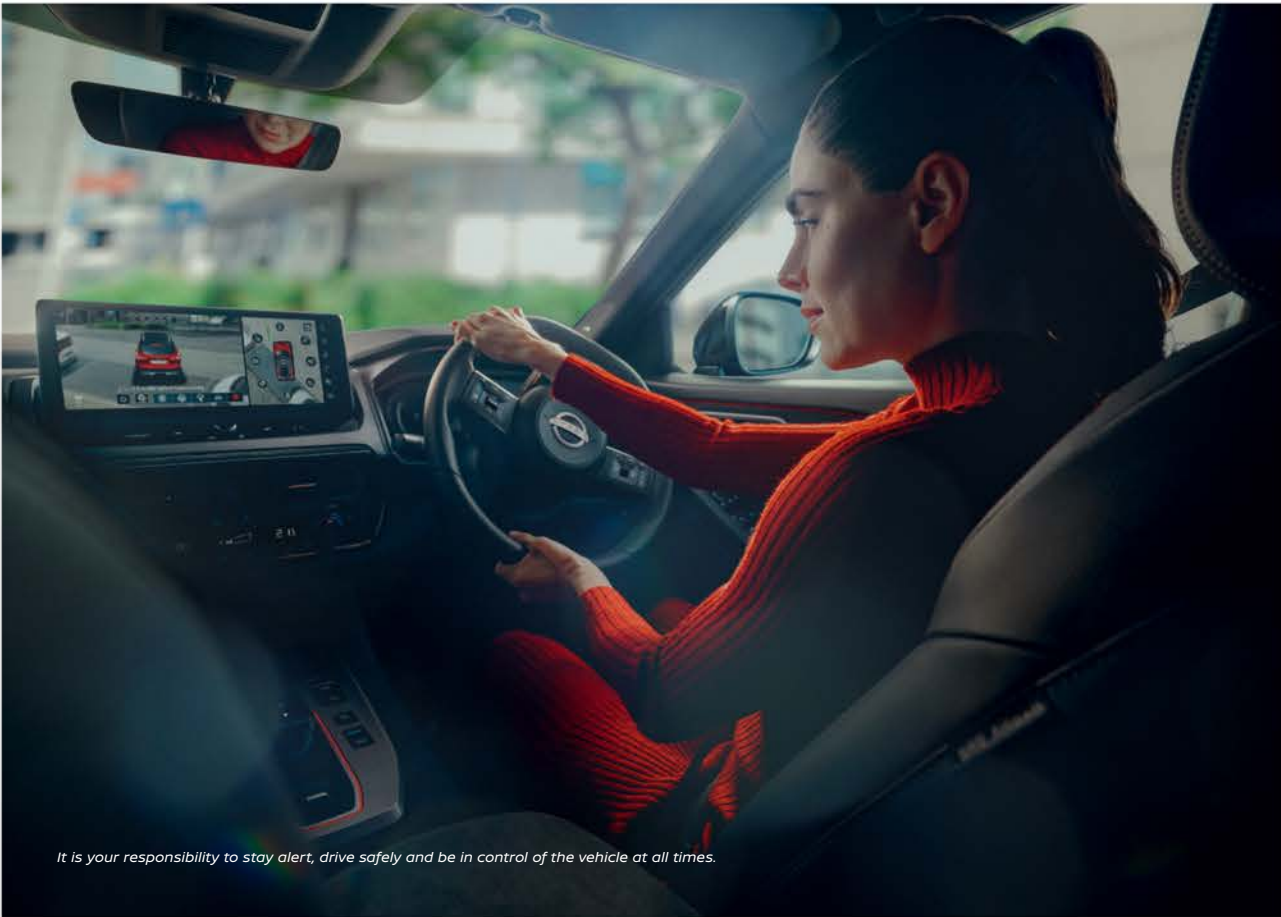

Qashqai's 3D Around View Monitor* helps you park with confidence. ProPILOT Park*, available on Qashqai with e-POWER, offers automatic parking space detection and automatic control of steering, braking and acceleration while parking.

Rear camera shows what is right behind you

Side camera shows you a kerbside view

All-around view adds a virtual 3D, 360° view as you manoeuvre

Front camera combines front and overhead views

It is your responsibility to stay alert, drive safely and be in control of the vehicle at all times.

Better all round.

Split-screen closeups of your front, rear and kerbside views and the new Invisible Hood View* giving you full visibility at ground level, are perfect for narrow spaces where precision is key.

*Feature available depending on version, as standard or only as option (at an extra charge).

205ps
Instant Power
& Acceleration

Hybrid reinvented.

Qashqai offers two exciting powertrains to match the way you drive. Compared to its predecessor, the new e-POWER delivers enhanced efficiency, fewer emissions while driving and a quieter drive. Thanks to its unique hybrid technology, you enjoy impressive range and efficiency, as well as refined and responsive acceleration. (0-62 mph in 7.6 seconds in Sport Mode).

New e-POWER

Wheels are driven by an electric motor, with the battery topped up by a new efficient petrol engine.

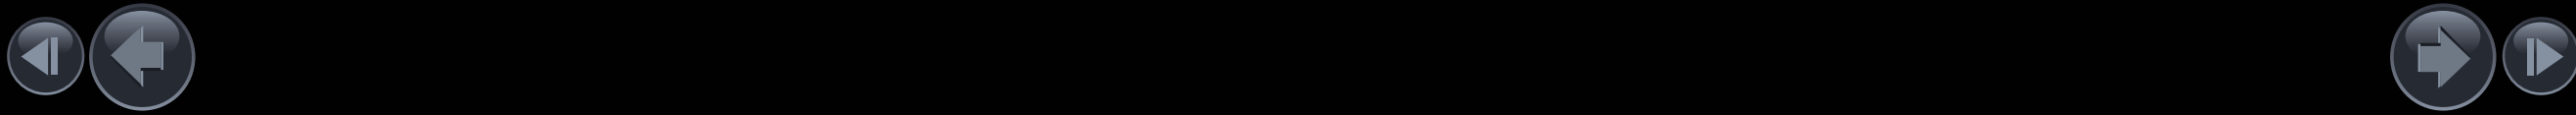

MILD HYBRID

Wheels are driven by a petrol engine assisted by a Lithium-ion battery charged on the go.

^[1] Vehicle shown is a Nissan e-POWER N-Design 1.5L 205PS. Fuel consumption: combined 62.8 mpg. CO₂ emissions: combined 103 g/km. Vehicle has been homologated in accordance with EU regulations using the more realistic WLTP test procedure.
^[2] Official WLTP data for Qashqai e-POWER range (for comparison purposes): 62.8 - 64.2 mpg (4.4 - 4.5 l/100 km) (combined). Figures indicative, shown for comparability purposes - actual real world results may vary depending on factors including the starting charge of the Lithium ion battery (e-Power variants), condition of the battery, accessories fitted after registration, weather conditions, driving styles, and vehicle load.

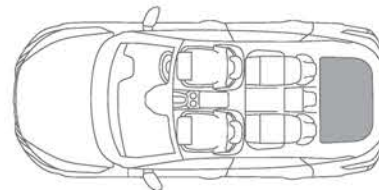

Handsfree power tailgate*

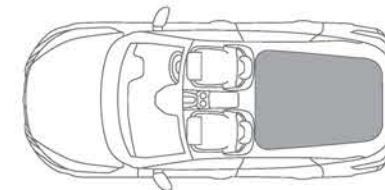

504L boot space

UP TO 504L
BOOT SPACE

UP TO 1440L BOOT SPACE
WITH FOLDED SEATS

Step into space.

Up to 1440L of space means Nissan Qashqai is ready to carry everything you need. Two luggage boards (both with one wipe-clean surface) offer 16 boot configurations for maximum flexibility, whatever your cargo. Smart features like the Nissan handsfree power tailgate* and 85 degree wide opening rear doors provide excellent access to back seats, perfect for hassle-free loading of car seats or other bulky items.

*Feature available depending on version, as standard or only as option (at an extra charge).

85° door opening

Your Qashqai. Your way.

With five grades – including the distinctive sportiness of N-DESIGN, Qashqai is all about choices. Pick from eight full-body colours and five two-tone options, then take it further with sharp alloy wheels. Whatever your style, whatever your personality, there's a Qashqai for you.

Nissan Service Plans

Every time you service with Nissan, you'll receive the highest levels of service and aftercare that you can find. We aim to be clear, transparent and offer you great value with our fixed price service packages.

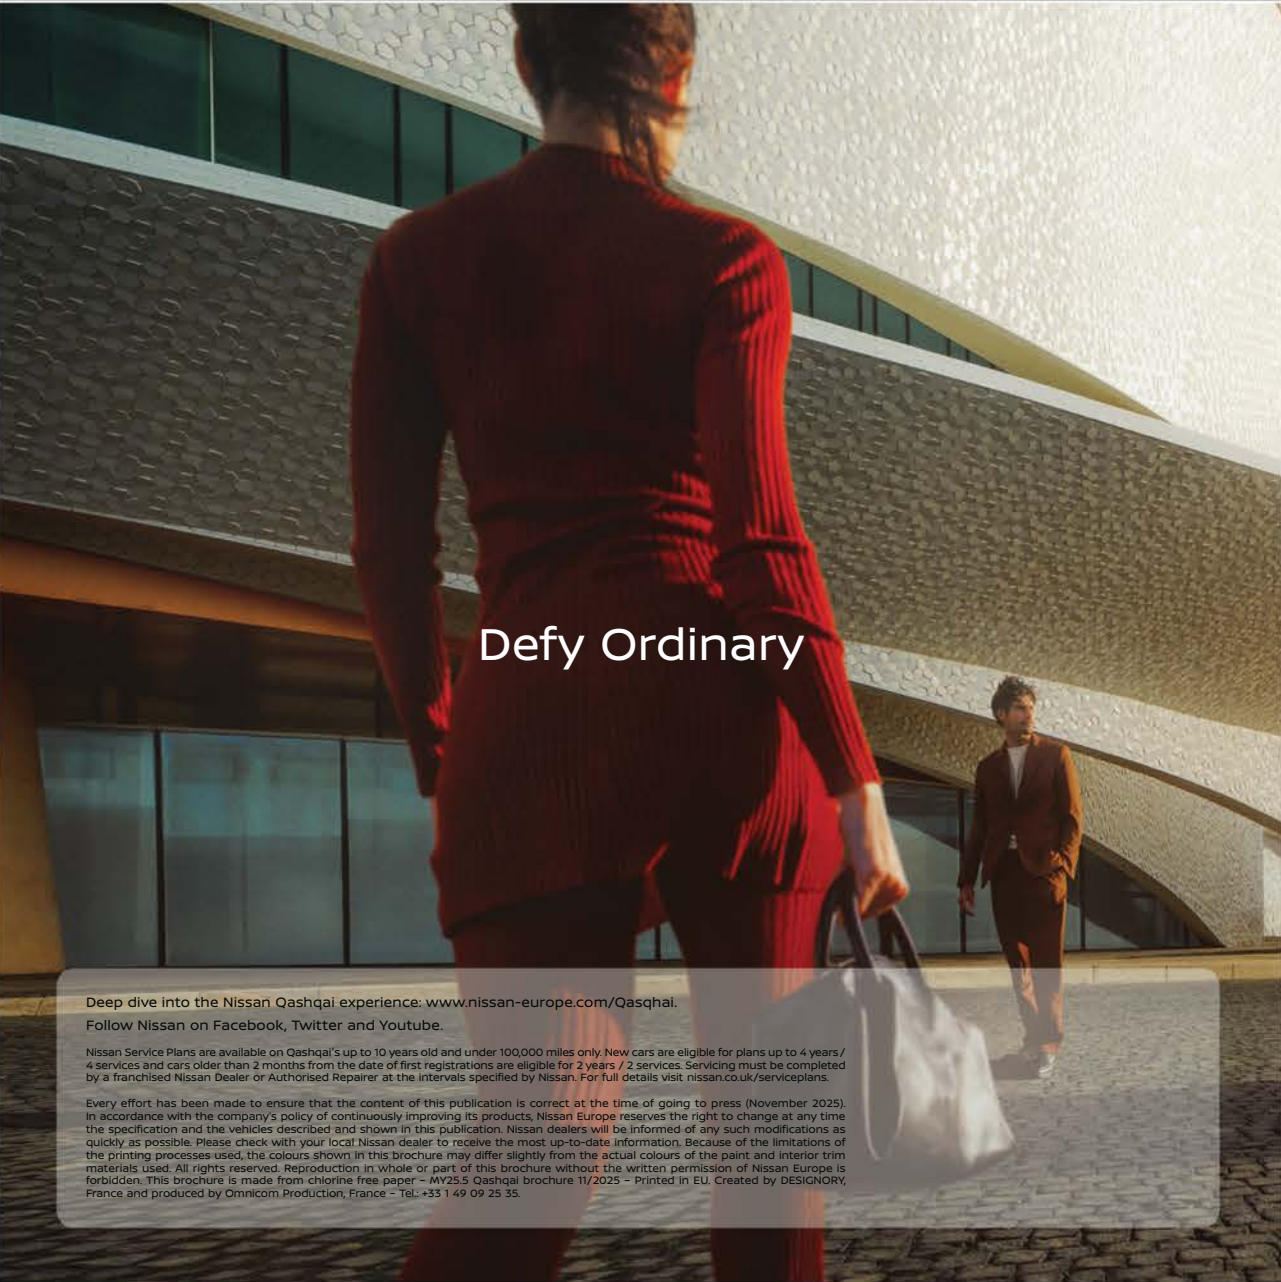

The best way to ensure great prices is to purchase an inflation-proof Service Plan when you purchase your new Qashqai.

With a Nissan Service Plan, you can spread the cost of your next two, three or four services with manageable, interest free monthly payments. It's the easy way to cover the cost of maintaining your vehicle and the price you pay will stay the same for the duration of the plan, even if the price of a Nissan service increases in that time.

Extended Warranty

A Nissan Extended Warranty offers the same cover as your original manufacturer warranty, saving upfront costs if any covered parts were to fail. When the time comes and your manufacturer warranty ends, all you will need to do is purchase an Extended Warranty and have your Qashqai checked out by your Nissan dealer before the policy starts.

FOR MORE INFORMATION CONTACT
YOUR NISSAN DEALER OR REPAIRER

Defy Ordinary

Deep dive into the Nissan Qashqai experience: www.nissan-europe.com/Qashqai.
Follow Nissan on Facebook, Twitter and Youtube.

Nissan Service Plans are available on Qashqai's up to 10 years old and under 100,000 miles only. New cars are eligible for plans up to 4 years / 4 services and cars older than 2 months from the date of first registrations are eligible for 2 years / 2 services. Servicing must be completed by a franchised Nissan Dealer or Authorised Repairer at the intervals specified by Nissan. For full details visit nissan.co.uk/serviceplans.

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (November 2025). In accordance with the company's policy of continuously improving its products, Nissan Europe reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. NISSAN QASHQAI

STANDARD EQUIPMENT

Back in 2007, the Nissan Qashqai pioneered the crossover with its blend of hatchback compactness and SUV practicality. Now, meet the latest generation of Nissan Qashqai, with exciting features and advanced safety technology. Its bold stance remains prominent, it offers a roomy interior in an aerodynamic and compact body. Qashqai once again brings a new vision to the market.

NISSAN QASHQAI COMES WITH:

EXTERIOR

- Auto folding side mirrors
- Electrically adjustable and heated side mirrors
- LED headlamps and rear lamps
- Automatic headlights
- Dusk sensor
- Rain sensing wipers
- Shark fin antenna

INTERIOR

- 12.3" HD NissanConnect touchscreen with radio, DAB, Bluetooth® and voice recognition
- Manual dimming rearview mirror
- Sun visor with mirrors (driver and passenger)

COMFORT

- Dual zone automatic tri-mode air conditioning
- Centre console without tray
- Sunglasses holder (feature removed if vehicle has glass roof with electric sunshade)
- Front and rear door storage
- 2 Front centre cup holders

- Rear folding seats 60:40 split functionality

TECHNOLOGY

- i-Key (engine start button and easy access)
- Rearview camera and 4 sensors
- 3 Drive modes (standard, eco and sport)
- Engine start button
- Electronic parking brake
- Hill start assist & auto hold
- 2 Front row USB Type-C ports

SAFETY

- Tyre pressure monitoring system
- Intelligent Front Emergency Braking with Pedestrian, Cyclist & Junction assist
- Intelligent Forward Collision Warning
- Lane side support systems: Lane Departure Warning, Lane Departure Prevention, Blind Spot Warning, Blind Spot Intervention
- Driver Attention Alert
- Intelligent speed assist

- Over-speed limiter (manual set)
- Intelligent Cruise Control
- Traffic sign recognition
- Cross Traffic Alert
- Rear Automatic Braking
- High beam assist
- Vehicle Dynamic Controls
- Limited Split Differential
- Emergency stop signal (auto-hazard)
- 2 Curtain airbags, 2 side airbag (front), 2 front airbags and 1 front far side airbag
- Pre-tensioners & seat belt reminder
- Rear parking sensors
- Anti-Theft alarm
- Walk-away lock / Approach unlock

ACENTA PREMIUM

Every effort has been made to ensure that the content of this publication is correct at the time of going to press (January 2025). This brochure has been produced featuring prototype vehicles exhibited at motor shows, in accordance with the company's policy of continuously improving its products. Nissan International reserves the right to change at any time the specification and the vehicles described and shown in this publication. Nissan dealers will be informed of any such modifications as quickly as possible. Please check with your local Nissan dealer to receive the most up-to-date information. Because of the limitations of the printing processes used, the colours shown in this brochure may differ slightly from the actual colours of the paint and interior trim materials used. All rights reserved. Reproduction in whole or part of this brochure without the written permission of Nissan International is forbidden.
