

CT5-V

CT5-V BLACKWING

# CT5-V SERIES PERFORMANCE

## WELCOME TO THE FAST LANE

### POTENT SOURCES OF POWER

Two thrilling choices await: high-performance and ultra-performance. Choose the CT5-V with its 3.0L Twin Turbocharged V6 engine and enjoy 360 horsepower and 405 lb-ft of torque (550 Nm). Or, step up to CT5-V Blackwing—the most powerful Cadillac Sedan ever—and dominate the road or track with 668 horsepower and 659 lb-ft of torque (893Nm). You can't go wrong no matter what you decide.

### 10-SPEED AUTOMATIC TRANSMISSION

Standard on CT5-V and available on CT5-V Blackwing, the 10-speed automatic transmission was obsessively tuned to deliver lightning-fast shift times, giving you smooth power you can feel. With Dynamic Performance Mode, exclusive to V-Series vehicles, the system can automatically select the correct gear during performance driving when in Sport or Track mode. Exclusive to V-Series Blackwing, the standard 6-speed manual transmission strengthens your connection to the road and includes a unique shifter with a jewel-like, 3D-printed emblem.

### CARBON-CERAMIC BRAKES

A Cadillac first, and exclusive to CT5-V Blackwing, available carbon-ceramic brakes with cross-drilled rotors offered in red, blue or bronze calipers are both visually appealing and high-performing. Subtle racing-inspired laser-etched details on the rotor hats combine with track-worthy stopping power—helping to deliver a confident and engaging driving experience.

### POWER STRUCTURE

Beneath the bold exterior of every V-Series vehicle lies a structure that's strong, yet lightweight. Rigid, yet agile. High-strength structural adhesive increases stiffness and durability, while integrated under-hood and overall reinforcements create a solid chassis. The result? Responsive handling on the road as well as connected precision on the track.

# CT5-V SERIES EXTERIOR

## ART ACCELERATED

### CT5-V TRIMS

#### CT5-V

Sophistication that sends heart rates soaring. In CT5-V, precision-crafted performance, expressive design and obsessively refined details combine to bring power and artistry to every corner you conquer.

#### CT5-V BLACKWING

With the fastest V-Series track time ever and the highest-output engine in Cadillac Sedan history, the CT5-V Blackwing™ is a true masterwork of ultra-performance and ingenious technology that thrills every day.

### CT5-V WHEELS

- 19" alloy with Pearl Nickel finish paired with summer-only, low-profile tires<sup>2</sup>
- Available 19" alloy with Satin Graphite finish paired with summer-only, low-profile tires<sup>2</sup>
- Available 19" alloy with Diamond Cut/Android Satin finish paired with summer-only, low-profile tires<sup>2</sup>
- Available 20" alloy accessory wheels<sup>3</sup> with Polished/Dark Android Gloss pockets paired with low-profile tires<sup>2</sup>
- Available 20" painted alloy accessory wheels<sup>3</sup> with Gloss-Black finish, paired with low-profile tires<sup>2</sup>
- 19" alloy wheels with Polished/Dark Android finish and summer-only, low-profile tires<sup>2</sup>
- Available 19" alloy wheels with Satin Graphite finish and summer-only, low-profile tires<sup>2</sup>
- Available 19" alloy wheels with Tech Bronze finish and summer-only, high-performance, low-profile tires<sup>2</sup>

### ARTFUL AERODYNAMICS

Every V-Series model undergoes extensive wind-tunnel development and testing, resulting in sophisticated design that slips through the air. Aerodynamics in CT5-V Blackwing artfully add a new mesh grille that helps improve cooling and airflow, while front and rear splitters combine to reduce lift and generate downforce. This is science applied by the hands of a sculptor.

<sup>1</sup> Available at extra charge.

<sup>2</sup> Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. Lower-profile tires wear faster. Wheel and tire damage may occur on rough or damaged roads or from surfaces, curbs, debris or obstacles. This damage is not covered by the GM New Vehicle Limited Warranty. For more details, go to [my.cadillac.com/how-to...](http://my.cadillac.com/how-to...) or see your dealer.

<sup>3</sup> Dealer-installed accessory wheel. Use only GM-approved tire and wheel combinations. See [cadillac.com/accessories](http://cadillac.com/accessories) for important tire and wheel information, or see your dealer.

# CT5-V SERIES PERFORMANCE

## WELCOME TO THE FAST LANE

### MAGNETIC RIDE CONTROL

V-Series features the latest generation of Magnetic Ride Control, which reads the road up to 1,000 times per second and seamlessly adjusts damping for exceptional ride, handling and control.

### PERFORMANCE IN YOUR PALMS<sup>1</sup>

CT5-V offers the performance steering wheel, while the CT5-V Blackwing offers the high-performance steering wheel—both delight with fine leather, cut-and-sewn stitching and the satisfying response of the V-Mode button. Additionally, CT5-V Blackwing includes a carbon-fiber trim, a serialized plate featuring a laser-etched portion of your VIN sequence and a quick-access Performance Traction Management switch.

### ELECTRONIC LIMITED-SLIP REAR DIFFERENTIAL

CT5-V and CT5-V Blackwing include an Electronic Limited-Slip Rear Differential that automatically directs torque to the rear wheel with the most traction for greater control during cornering and spirited maneuvers. This system is extremely precise and optimized across the spectrum of driving conditions.

### LAUNCH CONTROL

Launch Control, a form of traction control that helps optimize power delivery and grip, helps you achieve high levels of acceleration in a straight line. This feature is intended for use during closed-course race events where the quickest 0-60 mph and/or quarter-mile times are desired. Additionally, V-Series Blackwing vehicles include Line Lock, helping to give you an extra advantage off the line.

# CT5-V SERIES INTERIOR

## POWER IS BORN FROM WITHIN

### RACING-INSPIRED REFINEMENT<sup>1</sup>

CT5-V and CT5-V Blackwing™ both offer unique interior refinement, each delivering carbon-fiber trim and an array of performance-inspired cues. Both include thick-rim steering wheels, bolstered seats, ergonomic design and more—either way, every drive feels like a day at the racetrack.

### SUEDED-MICROFIBER ACCENTS<sup>1</sup>

Inside V-Series, every detail is designed to elevate your heart rate. You'll feel it when you grip the available suede-microfiber steering wheel and shifter, and again as you trace along the headliner and pillars with the available Sueded Microfiber Package. For the full experience exclusive to V-Series Blackwing, opt for the suede-microfiber seatback and door accents—and become totally enveloped in exhilaration.

### TORCH RED SEAT BELTS

Available Torch Red seat belts<sup>2</sup> dial up the performance character of the cabin and exemplify the lengths Cadillac designers went to in creating a cohesive, racing-inspired interior theme.

### CARBON-FIBER ACCENTED FRONT SEATS

Exclusive to CT5-V Blackwing, available carbon-fiber-accented seats are crafted for the true performance enthusiast. Optimized ergonomics provide lateral support during spirited maneuvers, and the slim head-restraint design is shaped to comfortably accommodate track helmets.

<sup>1</sup> CT5-V Blackwing shown. Extremely limited availability.

<sup>2</sup> Torch Red seat belts not available with Natural Tan/Jet Black interior. Rear center position doesn't include the Torch Red seat belt.

# CT5-V SERIES TECHNOLOGY

## TECHNOLOGY THAT PUTS YOU IN CONTROL

### HANDS-FREE SUPER CRUISE

The future of driving is here. CT5-V offers Super Cruise,<sup>1</sup> the first truly hands-free driver-assistance technology with more than 200,000 miles of compatible roads in the U.S. and Canada. Go with the confidence of Lane Change on Demand, which can help you change lanes while hands-free, and with the latest map updates delivered by the available support of Connected Services.<sup>2</sup>

### INTEGRATED PERFORMANCE DATA RECORDER

The available integrated Performance Data Recorder allows you to capture your driving experience, including real-time video in 1080p, in-cabin audio and performance data, and then let's you view your ride on the 10" diagonal HD Cadillac user experience<sup>3</sup> screen. You can track your engine speed, braking force and steering-wheel angle.

### SONIC SOPHISTICATION

In V-Series, the soundtrack to your drive comes in two powerful forms. CT5-V delivers the rich, acoustically optimized tones of a premier Bose® audio system, while CT5-V Blackwing features the professional, high-fidelity quality of a Cadillac-exclusive AKG<sup>4</sup> premium surround sound audio system. Audiophiles, rejoice.

### 12" DIAGONAL HD RECONFIGURABLE CLUSTER

Information at your command. Available on CT5-V and standard on CT5-V Blackwing, this beautiful interface is integrated with the center cluster and available Head-Up Display, resulting in the streamlined delivery of key driving data. Available on CT5-V and standard on CT5-V Blackwing, the Head-Up Display projects safety, navigation<sup>5</sup> and other information in your line of sight with three selectable personas: Tour, Sport and Track. Each provides a unique experience based on your driving preferences.

<sup>1</sup> Always pay attention while driving and when using Super Cruise. Do not use a hand-held device. Visit [cadillac.com/supercruise](http://cadillac.com/supercruise) for compatible roads and full details.

<sup>2</sup> Connected Services vary by vehicle and model and require active service plan, working electrical system, cell reception and GPS signal. Does not include safety services. Super Cruise vehicles are connected to emergency services. See [onstar.com](http://onstar.com) for details and limitations.

<sup>3</sup> Functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone, and USB connectivity for some devices.

<sup>4</sup> AKG is a trademark of AKG Acoustics GmbH, registered in the United States and/or other countries.

<sup>5</sup> Map coverage available in the United States, Puerto Rico and Canada.

# CT5-V SERIES SAFETY

## OFFERS PEACE OF MIND

### GO CONFIDENTLY WITH THE CADILLAC SMART SYSTEM

In a world of unpredictability, the Cadillac Smart System™ offers proactive peace of mind. This comprehensive suite of standard driver-assistance features helps inspire confidence on your journey—whether you're backing out of your driveway or boldly taking on the road ahead.

#### **CADILLAC SMART SYSTEM STANDARD FEATURES**
