

GS8

**When conquering any challenge,
you will find that The most integral
component is yourself
The only way To conquer yourself
is To pursue The best way forward**

**Feel Confident to Take on Challenges
Be Assertive and Showcase Your
Greatest Abilities on the Quest to
Conquer the World**

Tough in appearance, fearless in manner.

Inner Power, a Reflection of the Spirit of Our Time

A unique and bold styling.

Brand-new Flying Dynamics Front Grille

Unforgettable in its presence, the powerful horizontal lines of the chromium plated-grilles perfectly combine strength and beauty. In addition to a domineering appearance, the the brand new vigorous Flying Dynamics design shall be the totem of your conquests.

Design Aesthetics of light and Shadow Sculpture 2.0

The 1.9m body width and angular aesthetic details of the GS8 enhance traditional cross-country styling.

Concealed D-column in Family Design

The sweeping window line maximizes the overall visual space, whilst 37 aerodynamic design enhancements reduce the wind resistance coefficient to 0.34.

19-inch Sports Alloy Wheel Hub

High-performance tires command traction amongst various road surfaces, in addition to reducing wind resistance and improving fuel efficiency.

All Inspiration Is to Achieve the Aesthetics of Technology

Ultimate fortitude aesthetic design.

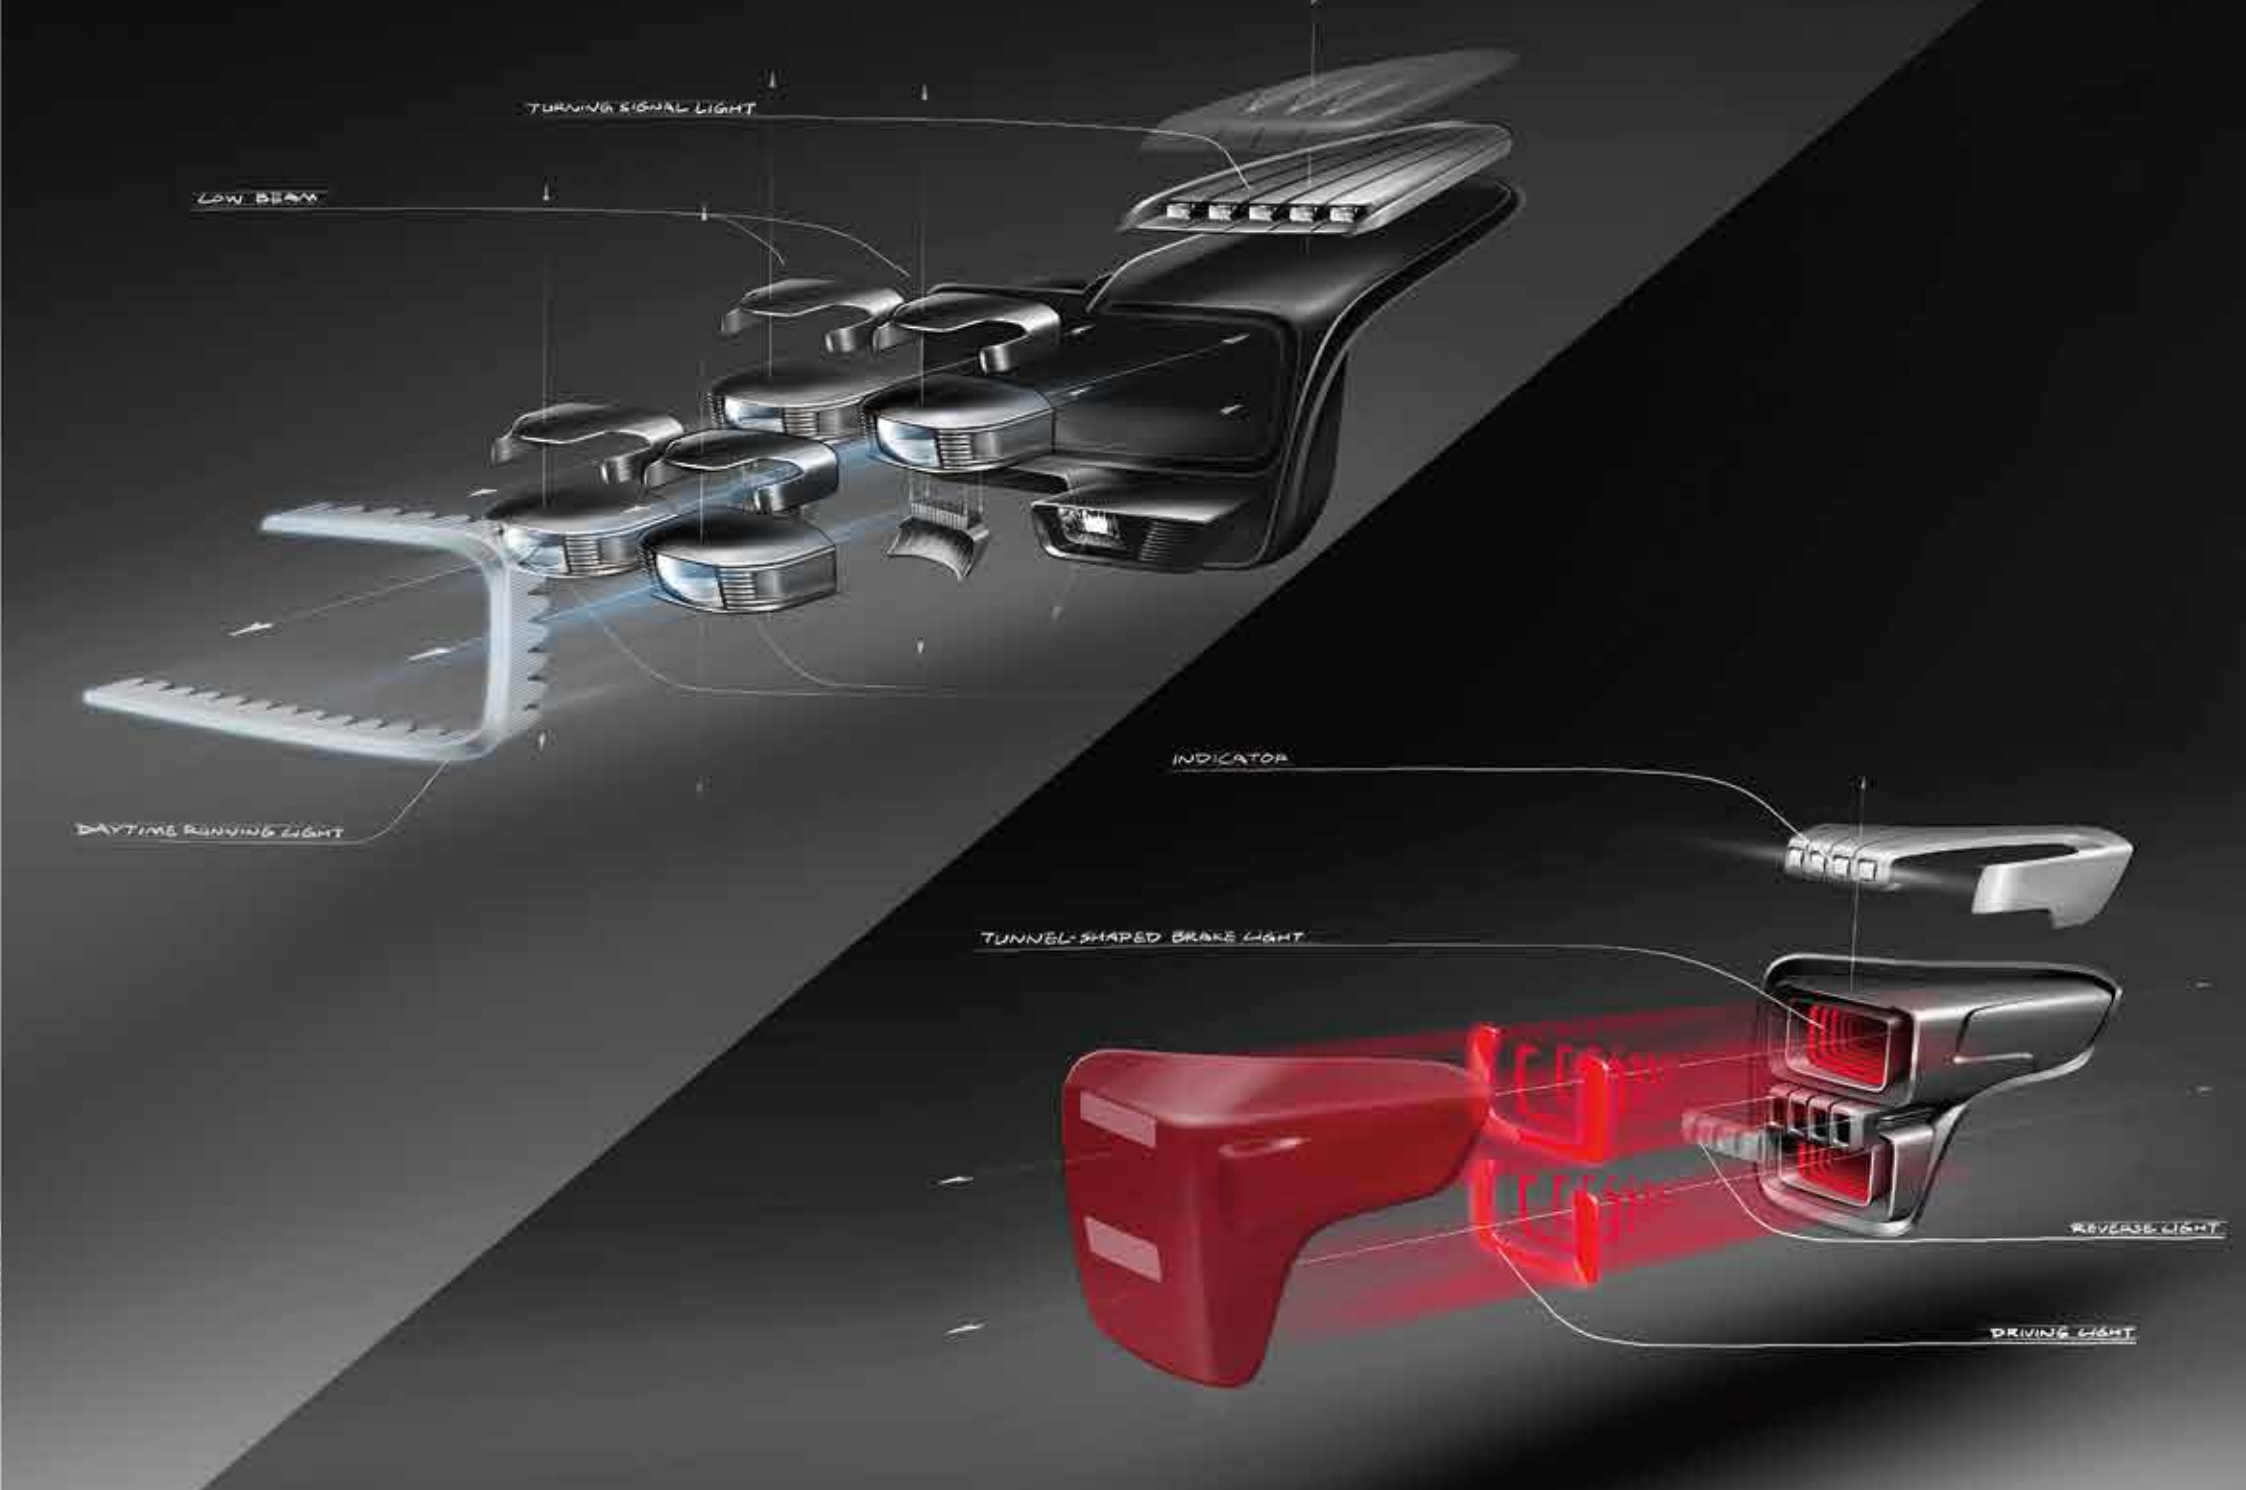

Longitudinal Matrix LED Headlamp

Only with true clarity, can the real world be seen. We have created the world's first LED headlamp with a forward lighting distance of 600m and width of 56m, complimented by a cornering assistance function to make driving safer. The matrix design, rectangular layout, and adjustable sensitivity unify technological functionality and a glamorous appearance.

Double U-shaped Tunnel-type LED Combination Tail Lamp

Whilst looks can be copied, personality remains unique. The GS8's trademark double U-shaped tail lamps incorporate a tunnel structure and gradient design to create a futuristic style in a multidimensional space; the spirit of freedom lies in the quality of details.

Low-key, Is an Unobtrusive Publicity

Luxurious, comfortable and elegant interior styling.

Suspended Encircled Luxury Cabin

Luxury can be defined as style after the removal of vanity. The suspended center console encircles the driver to create a comfortable space with convenient access to numerous functions. As the exquisite interior redefines luxury, its functionality forges a deep connection with the driver.

T-Shaped Control Area

The chromium-plated shift lever complimented by a black piano varnish base and leather finishing mimic the push rod of a luxury yacht. Technologies such as the EPB and Auto Hold functions are placed at the driver's fingertips.

Nordic Natural Luxurious Interior

Workmanship is exuded from the integration of leather and scented rosewood grain inlay. The luxurious trimming creates a balanced atmosphere that blends natural charm with modern, elegant elements.

A black Nissan SUV is parked on a grassy hill, viewed from the rear. The car's taillights are illuminated. In the background, a calm lake reflects the warm, golden light of the setting sun. Beyond the lake, a range of rugged, reddish-brown mountains stretches across the horizon under a clear sky with a few wispy clouds. The overall scene conveys a sense of adventure and freedom.

To Travel Unhindered, Is to Make the World Your Adventure

A luxurious and ample space.

Luxury Is Redefined by Optimum Comfort

A space designed for your enjoyment.

Supersized Panoramic Sunroof

Impressive scenery can be glanced through the supersized panoramic sunroof that is 1.35m in length. With anti-pinch functions, the one-button sunroof is complimented by a large side scuttle imitating the leveling of a yacht to increase lighting within the cabin.

Intelligent Seat Memory Function

As comfort is the ultimate priority, technological features such as Unique Easy Entry, three programmable memory functions for the driver's seat, and 3-level ventilation and heating for the front passengers go beyond comfort to create a truly exclusive riding experience.

Three-zone Independent Control Automatic Air Conditioner

Optimum passenger comfort can be achieved through an independent three-zone climate control.

Lonizing Forest Oxygen-bar Air Filtration System

Yacht-level Side Scuttles with Wide View

A Spacious Interior Allows for 7 Seats Arranged in 3 Rows

The 1.9m width of the GS8 is utilized to comfortably seat a total of 7 passengers. A diversified combination of layout configurations offers unprecedented comfort to meet the travel demands of large families.

A Generous Interior Ensures That Everyone Can Enjoy the Journey

Comfortable driving realized by an open space.

Plush and Multi-functional Front Leather Seats

The ergonomically optimized and configurable front row can help you find your ideal posture. A 10-direction electrically adjustable driver seat and 4-direction passenger electrically adjustable front seat ensure an exclusive experience of comfort.

The Widest Second Row Among Same Class Models

Second row passengers can take advantage of the EZ-entry function as the inclinable seats are also capable of sliding to provide a maximum leg room of over 1m.

The Conformable Third Row

The 2.8m long wheelbase allows for ample room in the third row. Extra comfort is achieved by a large side scuttle including an air condition outlet and reading lamp.

Never Before, Has Interior Space been So Imaginable

Adjustable and spatial layout.

Ultra-large Trunk Space

Intelligently diversified trunk space capacity can store various kinds of luggage by stowing the third row seats to realize a trunk volume up to 860L. The flexible space can also provide the place for entertainment during the journey.

105 Intelligent Buttons

Intelligence and value are portrayed through the 105 buttons control experience which conforms to our ergonomic standard of 1 second accessible operation, granting the driver ultimate control to make full use of the car.

37 Different Storage Options

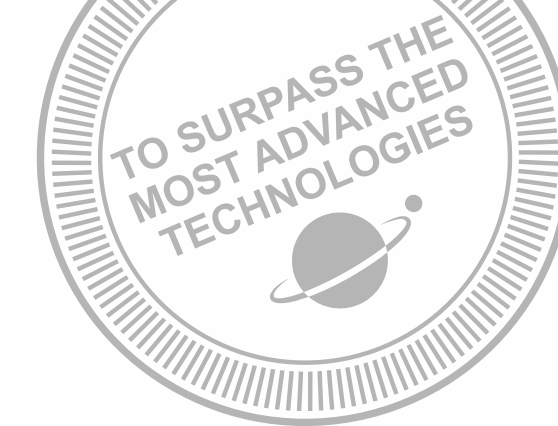

Travelling on long journeys calls for maximum storage convenience. Items can be placed in the 37 various storage spaces found throughout the cabin.

Only Pioneers Lead the Trend Become the Person Who Brings the Future

Obstacles are swiftly dealt with by our intelligent vehicle interconnection systems.

Envision Unbounded Horizons

The entertainment system.

Three-screen Intelligent Interconnection

Enjoy linking to the world through a unique three-screen intelligent connection system. The 10-inch full color LCD central control panel can synchronize with the 7-inch intelligent gauge cluster and your mobile phone to enable transitional vehicle information control.

Immerse Yourself in Audiophile-quality Resonance

Concert-level audiovisual entertainment space.

Harman-Kardon Entertainment System & 10 Onkyo Speakers

A combination of the Harman-Kardon entertainment system coupled with 10 ONKYO 6-track speakers can bring concert quality sound to the comfort of your GS8.

Intelligent Atmosphere Lamp

The advanced interior lighting system's 16 lamps are configurable to a spectrum of 8 options to fit your visual preference.

Comprehensive Soundproof Design

Cabin silence is achieved through the use of an advanced double-deck chassis inlaid with imported soundproof cotton. Regardless of road conditions, serenity is reached with a noise level at idle at 35.6dB.

Brilliant Interface Design

A seamless card-like layout design and texturized icon design provide users a sense of familiarity while using the system, maximizing operation comfort and convenience.

Mobile Phone Wireless Charging

Streamline your mobile phone charging experience with the GS8's wireless charging function. The class-leading electromagnetic charger is equipped with foreign matter recognition to offer a convenient charging solution.

*(Requires mobile phone system approval)

Break Limitations and Realize Intelligent Driving

On-board intelligence.

Second Generation of PEPS with Keyless Entry and One-button Start Function

Various keyless technologies have been included such as automatic welcome lighting, unlocking, remote location and engine ignition in addition to being able to automatically identify the driver.

**Whether Traversing Mountain Summits
or Trekking through the Wilderness
Let Your Heart Guide Your Route**

Be fearless, and empower with confidence.

Extraordinary Performance Made Possible by High Efficiency

GAC Motor’s second generation high-efficiency power system.

6-Speed Automatic Transmission Produced by Aisin

With an accumulated 10 million km of endurance testing, the third-generation transmission produced by Japan’s Aisin is the leader amongst its competitors in the areas of peak efficiency and fuel consumption.

Improved Transmission Efficiency Through Slip Control

By using lock-up control from second-gear, the vehicle’s transmission efficiency is greatly improved, resulting in more efficient fuel conservation.

Endurance Test of Over 10 Million km

A litany of multi-round, multi-terrain, and multi-climate test variables ensures that the vehicle receives the perfect combination of power and efficiency.

GAC Motor’s Second Generation 320T Engine

The breathtaking performance efficiency is achieved through the equipped low-inertia E-Turbo technology that helps the engine to generate 320N.m of Torque output from 1750 RPM. At a constant speed of 90km/h, the fuel consumption per 100 kilometers is 6.9L, which is much lower than that of other large and medium-sized SUVs.

GCCS Combustion Control Patens

Steady and adequate combustion is guaranteed under different working conditions, ensuring an increase in dynamic power while reducing engine noise and emissions.

Borg Warner Low Inertia Turbocharger

Turbo-lag found in conventional engines has been avoided by reducing the inertia of the turbocharger by 35% to offer fast transient response.

Intelligent Start-stop Technology

Multi-terrain Driving Modes

An assortment of six configurable driving modes (sand/mud/snow/intelligent/sports/economic mode) can be seamlessly activated to ensure fidelity on all road conditions.

With Confidence, All Obstacles Can Be Overcome

Multi-terrain leisurely driving.

Second Generation Intelligent Four-wheel Drive System i-4WD

Equipped with professional cross-country systems produced by Borger Warner, the vehicle can instantly detect the nearby topography, and exactly distribute driving power to the front or back wheels according to terrain conditions.

Four-wheel Independent Suspension System

The GS8 inherits the high-performance solid chassis that has been meticulously tuned by our engineering team to ensure ease of driving control. The system provides unparalleled driving comfort, exceeding the performance of other same-class models.

Drive Away from Safety Concerns

Intelligent security protection with auto-activation.

Esp 9.1 Produced by Bosch

Bosch's ESP 9.1 "fourteen-in-one" protection measures integrating ABS, EBD, TCS, HBA, ESP, HHC ensures that the driver can achieve instant response, higher stability and effective prevention against vehicle sideslip.

Eight Airbags (With Double Airbag for Knees at Front Rows)

Equipped with 8 airbags (including the uniquely designed double knee airbags), GS8 provides its passengers all-around protection, and a traveling experience free of safety concerns.

Isofix Child Seat Interface

ISOFIX child seat interfaces in the back row allow for easy installation of ISOFIX compliant child seats. The professional design and 360-degree support ensures the utmost safety in seating young children.

A Safe Body with GAC 2.0 High-strength Steel

By innovatively employing the second generation of geometric absorption control design which resembles the shape of Chinese Character “木”(wood), GS8 enhances the utilization rate of high strength steel to 95%. Such improvement far exceeds industry standard by 55% to meet the most stringent of the standards of United States, ensuring the safety of passengers on board.

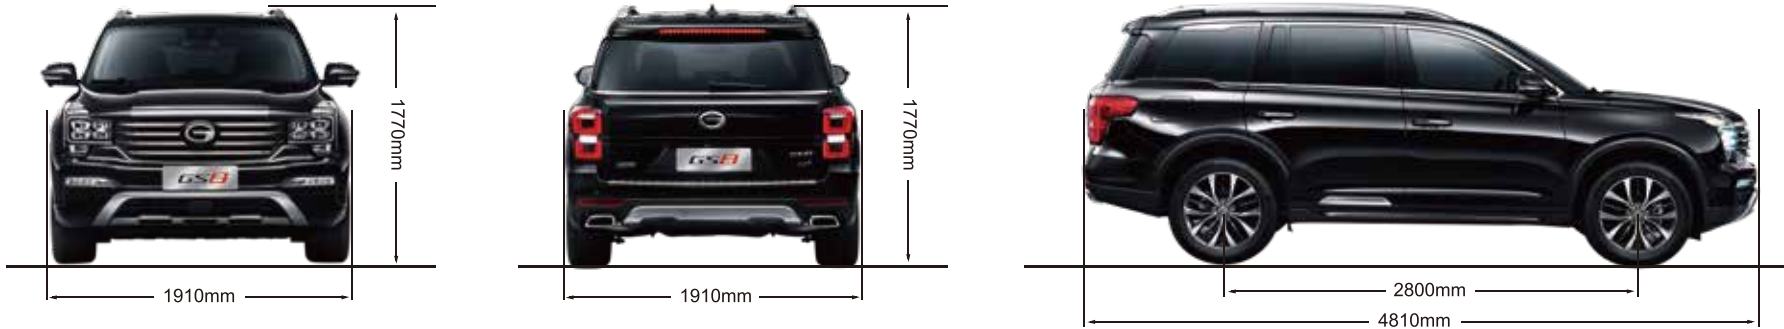

Premium Service, Worry-free Travels

We are driven by ambition but attentive to details. In every action we embody the principle of “Customer First”, providing quality service that is professional, innovative, and reliable.
