

HAVAL

CONFIDENCE TO EXPLORE

COMFORT & ENTERTAINMENT

The H9 combines luxury materials throughout, outstanding fit and finish, leading technologies, space and attention to detail to make every journey a comfortable experience.

Every element has been designed with maximum legibility and clarity, with back-lit switches to provide ease of use in all conditions. The synthetic leather-stitched steering wheel falls easily to hand and is fully adjustable to make sure every driver can find the perfect driving position.

The large, easy to use centre instrument panel houses a large 8-inch touch screen that provides clear, concise information for a host of functions including climate control, reverse camera, audio and seat heating, ventilation and massage functions.

Tri-zone climate control air-conditioning ensures passengers can dial in their preferred temperature, while roof-mounted vents in the second and third rows deliver clean air to all occupants.

THE Haval H9 EXPLORE IN STYLE

No matter what you or your family is doing or where you're going, in the Haval H9 you're doing it with style. With a distinctly different look, there's no mistaking the H9 for any other vehicle on the road. With its mix of bold, contemporary styling and the muscular definition of a vehicle capable of conquering any destination, the H9 is the new leader of the styling council.

Those stylish lines represent the culmination of years of hard work by a team of dedicated designers and engineers to produce the finest possible SUV.

The low front and high rear waistline accentuate the sporting appearance of the H9, ensuring it looks just as good standing still as it does carving a path through the urban jungle or exploring off the beaten track. It not only looks good, it's aerodynamically designed to channel the airflow around the car for maximum efficiency and lower road noise.

POWER & ECONOMY

The H9 comes with a state-of-the-art turbo-charged petrol engine that delivers family-friendly power. With 180 kilowatts of power and 350 Nm of torque, the H9 has all the power you need to meet every challenge. The engine uses a turbo-charger boasting variable geometry technology.

The turbocharged engine is matched to an all-new, German engineered ZF 8-speed automatic transmission. It delivers a silky smooth drive, effortless launch feel and efficiency, and improved fuel consumption.

SAFETY & SECURITY

The H9 comes with a full suite of active and passive safety systems designed to provide a haven for you and your most precious cargo in all conditions.

It starts with a strong frame, incorporating a high-performance safety shell that works to actively channel the energy from a collision around the passenger safety cell, keeping it intact and the occupants safely cocooned inside. That shell is complemented by an array of active and passive safety systems, including six airbags to protect all passengers. In the unfortunate event of an accident, the intelligent safety systems react in milliseconds to shelter all passengers with maximum protection.

HAVAL H9 CONFIGURATION

SPECIFICATIONS

Overall dimensions Length x width x height (mm)	4856 x 1926 x 1900
Wheelbase (mm)	2800
Engine	Dual channel turbocharged 4-cylinder 16-valve, Double VVT, Direct petrol injection
Maximum power output (kW/rpm)	180/5500
Maximum torque (Nm/rpm)	350/1800-4500
Transmission	ZF-8 Speed AT with paddle shift
Driving mode	4WD - Selectable all-terrain control
Combined fuel consumption	10.9L/100km
Fording depth	700mm
Ground clearance	206mm
Fuel tank	80L

CHASSIS & STEERING SYSTEM

Front double-wishbone suspension	•
Rear multi-link suspension	•
Hydraulic power steering	•
All-round ventilated disc brakes	•
Ladder chassis	•

EXTERNAL EQUIPMENT

Panoramic sunroof	•
Aluminium alloy wheel	•
Shark fin roof radio antenna	•
Roof rails	•
Fixed aluminium side steps	•
Stainless steel rear bumper protector	•
Automatic wiper	•
265/60 R18 tyres	•

INTERNAL EQUIPMENT

Black / grey interior decoration	•
Synthetic leather steering wheel	•
4-Way manually adjustable steering wheel	•
Multi-function steering wheel	•
Bluetooth	•
Brightness-adjustable instruments	•
12V power outlet	•
Rear spare power outlet	•
Steering wheel with paddle shifters	•
7" Display	•
Off-road integrated monitor (including Altitude, Barometer, Compass & Gradient)	•

ACTIVE / PASSIVE SAFETY

Dual airbags	•
Front side airbags	•
Side curtain airbags	•
Reverse camera with the dynamic reversing auxiliary line	•
Park distance control	•
Driver condition monitor	•
Remote control window close function	•
Keyless start system	•
Keyless entry system	•
Car locating function	•
TPMS (Tyre Pressure Monitoring System)	•
ABS (Anti-locking braking system), EBD (Electronic Brake Force Distribution) & TCS (Traction Control System)	•
BA (Brake Assist)	•
ESP (Electronic Stability Program)	•
HAC (Hill-start Assist Control)	•
RMI (Roll Movement Intervention)	•
HDC (Hill Descent Control)	•
Cruise control system	•
Electronic Parking Brake (EPB)	•
Rear electronic differential lock	•
All-terrain response system (Auto, sport, sand, snow, mud, 4L)	•
Auto start stop	•
Cross Traffic Alert (CTA)	•
Lane Change Assist System (LCA)	•

SEATING EQUIPMENT

Synthetic leather seats	•
Seven seats	•
Front active headsets	•
8-Way electrically adjustable driver seat with lumbar support	•
4-Way electrically adjustable front passenger seat	•
Front ventilated seats	•
Front massage seats	•
Manually adjustable 2nd-row seats	•
6:4 Rear split seats	•
Child seat ISOFIX anchors	•
Electrically foldable 3rd-row seats	•

LAMP EQUIPMENT

Headlights cleaning system	•
DRL (Daytime Running Lights)	•
AFS (Adaptive Frontlighting System)	•
Door mirror puddle light	•

AIR CONDITIONING

Triple zone climate control (Driver, passenger & independent rear)	•
Ventilated glove box	•
3rd-row air outlet	•

AVAILABLE COLOURS*

				
Crystal Black	Hamilton White	Pittsburgh Silver	Forest Green	Hamilton Grey
