Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand different accents and will adjust to you over time

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the new V-Class into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

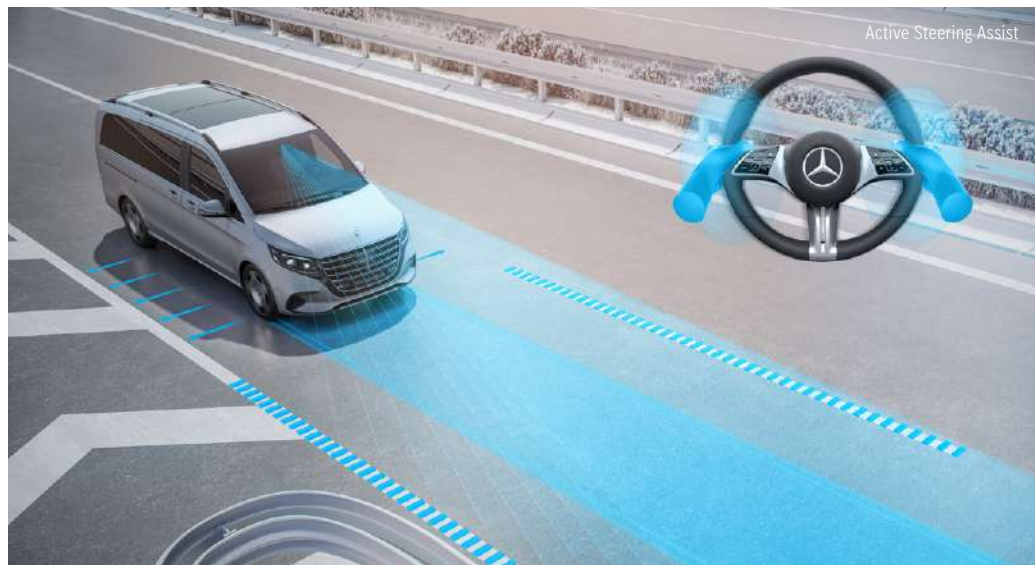

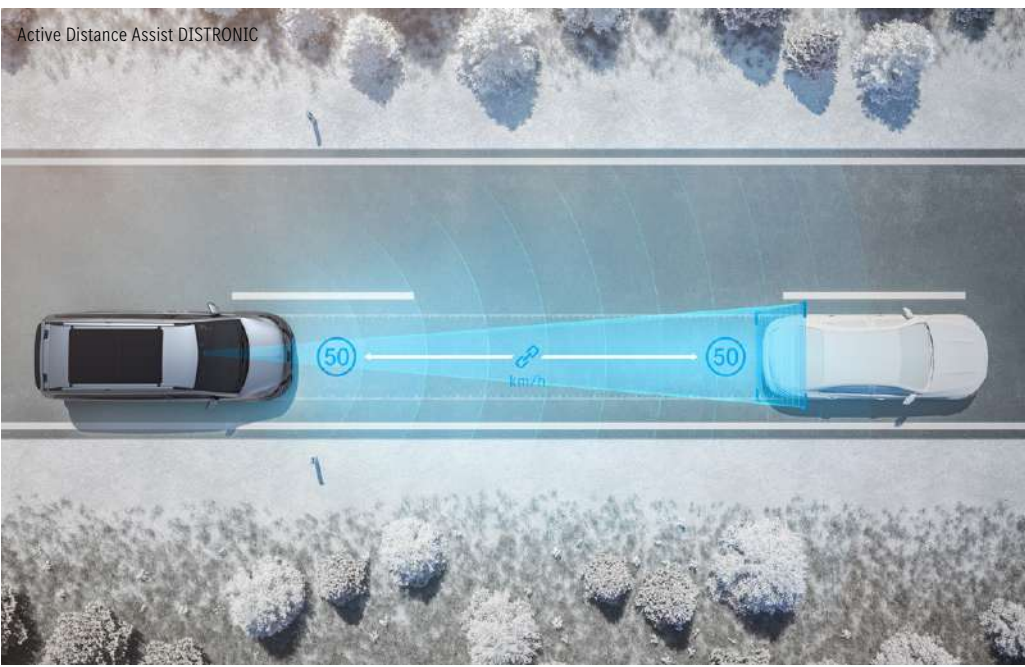

¹LINGUATRONIC off-board functions are currently only available for three years

V-Class					Marco Polo					
Design	Technology	Model lines	Upholstery	Model prices	Personalisation	Seating configurations	Standard equipment	Technical data	Genuine accessories	Additional information

Driving Assistance package¹

The Driving Assistance package¹ contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Standard on Exclusive

- Active Distance Assist DISTRONIC²** helps maintain the desired distance from the vehicle in front

Active Emergency Stop Assist²: immediate emergency braking if evasion is impossible

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC
- Active Steering Assist:** targeted steering intervention to prevent unintentional drifting out of lane

Emergency corridor function

Extended automatic restart on motorways

Route-based speed adaptation

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein ²This safety and assistance system feature is also standard on Premium

Digital Extras

Stay connected any time, anywhere.

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Digital Extras help to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services

Love music? Get a 3-month free subscription to Tidal when you connect your car.

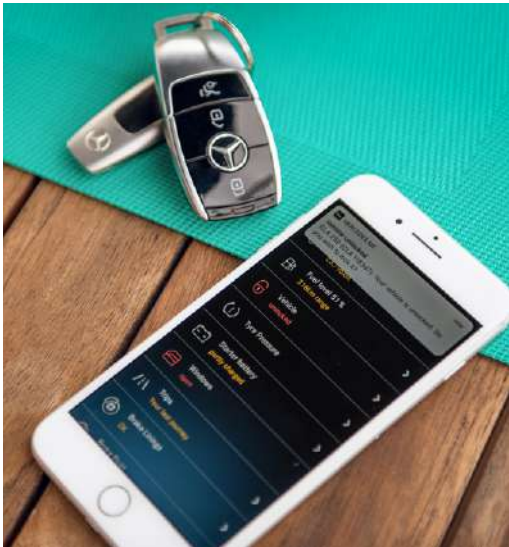

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers
¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model
²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model
Images shown are for illustration purposes only

Trailer Coupling package (code Q50)

Enhance your vehicle's capabilities with the Trailer Coupling package. Boasting a towing capacity of up to 2,500 kg, the package features a removable and lockable ball head, a 13-pin trailer socket, and an end cross-member, ensuring secure and convenient towing.

The trailer coupling with removable ball head is particularly suitable for sporadic trailer operation. Your vehicle can thus tow a trailer load of up to 2,500 kg. The equipment specification includes a removable and lockable ball head, a 13-pin trailer socket and an end cross-member.

Available on all V-Class*

*Not available on Premium Extra Long (8 seats).

Total incl. VAT £875.00

ENERGIZING Comfort (code JF2)

Transform your Mercedes-Benz into a mobile wellness oasis. Up to eleven harmoniously tuned programmes intelligently combine the comfort functions available in the vehicle to support you physically and mentally. Cooling down, fresh energy or a cosy atmosphere – simply choose the right programme.

ENERGIZING COMFORT combines your vehicle's comfort features for different situations. Climate control, ambient lighting, music, and steering wheel heating functions are controlled. Depending on the mood and vehicle, you can control up to eleven programmes in just a few operating steps via the media display.

Available on V-Class Exclusive only

Total incl. VAT £192.00

--------	------------	-------------	------------	--------------	-----------------	------------------------	--------------------	----------------	---------------------	------------------------

Dashcam (code JK9)

With the dashcam, you have the option of filming and saving the traffic events in front of your vehicle. The time and driving speed can also be recorded. In certain cases, you can use the recording to draw arguments from it, for example, in the event of an accident.

To be able to save recordings, you must connect a USB stick to the media interface. You can view the recorded video material either in the vehicle via the media display (only in a stationary vehicle) or on a computer. To do this, you must first disconnect the USB stick from the interface and then reconnect it.

Available on V-Class Exclusive only

Total incl. VAT £190.00

MBUX Augmented Navigation (code E2Q)

Gain a better overview even in complex traffic situations. MBUX augmented reality for navigation connects the virtual world with the real world, and combines live images with graphic navigation and traffic information. This helps you to find your way around and reach your destination in a relaxed manner.

The camera in the windscreen monitors the area in front of the vehicle and shows the recording on the media display. The system also supports you when waiting at traffic lights. If you are in the front row, you can conveniently see the current traffic light situation on the display.

Available on V-Class Exclusive only

Total incl. VAT £410.00

information

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand different accents and will adjust to you over time

Personalisation

- Turn the new Marco Polo into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

¹LINGUATRONIC off-board functions are currently only available for three years

V-Class					Marco Polo

Digital Extras

Stay connected any time, anywhere.

Digital Extras are a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Digital Extras let you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Digital Extras help to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services

Love music? Get a 3-month free subscription to Tidal when you connect your car.

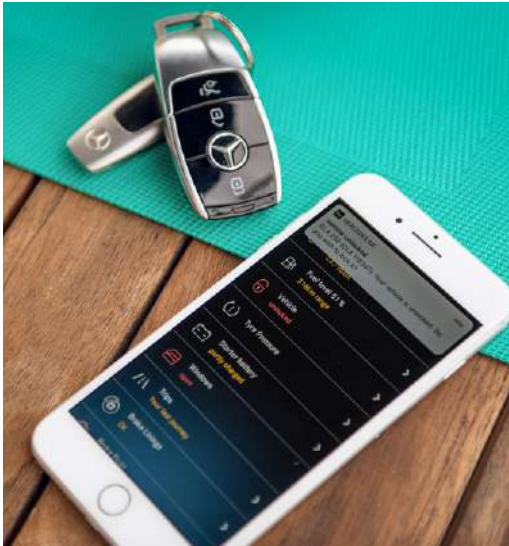

Live Traffic Information, Parked Vehicle Locator and much more

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes-Benz store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers
¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model
²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Technical data Marco Polo

Premium Plus model line

V-Class					Marco Polo				
Design	Technology	Model lines	Upholstery	Model prices	Personalisation	Standard equipment	Technical data	Genuine accessories	Additional information

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your V-Class or Marco Polo.

Load compartment tub, shallow

The boot tub is suitable for transporting shopping. The tub shape with its slightly raised edge is precision-tailored to the load area. Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. (A4478140041)

Stowage crate

The robust plastic stowage box creates order in the boot. The box can be divided into two sections using the enclosed rigid dividing element and be combined with the Mercedes-Benz boot tub thanks to the ribbed structure at the bottom. Capacity: 51 litres. (A0008140400)

Load compartment tub, deep

Keeps the load compartment clean and protects it from scratches. Made from lightweight, robust plastic. (A4478140141)

Shallow load compartment tub pictured

Alustyle basic carrier bars for rails, two crossbars

Elegant aluminium bars, precision-tailored to the body of your vehicle, offer a multifunctional basis for a range of Mercedes-Benz transport accessories: ski and snowboard racks, bicycle racks or roof boxes. Crash-tested. Easy to fit to roof rails. Maximum roof load: 100 kg. Usable width: 135 cm. (A4478902000)

Mercedes-Benz roof box 450

An aerodynamic design, tailored to your Mercedes-Benz. In extremely durable material. Designed for quick, optimised attachment to the basic carrier bars. Particularly convenient loading and unloading thanks to the option of double-sided opening. Lockable from both sides. (A0008400300)

Retrofit roof rails (for V-Class Extra Long)

For retrofitting roof rails to models which are not factory-fitted with roof rails. Kits consist of roof rails and the required mounting hardware. Complete kit, providing a fast, simple way to retrofit roof rails to the standard roof. (A4478400400)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information Images shown are for illustration purposes only

V-Class						Marco Polo					
Design	Technology	Model lines	Upholstery	Model prices	Personalisation	Seating configurations	Standard equipment	Technical data	Genuine accessories	Additional information	

BABY-SAFE plus II child seat, with ISOFIX

Suitable for children up to around 15 months of age (up to 13 kg), the seat features automatic child seat recognition and standard automatic airbag shutoff for use on the front passenger seat with airbag. The ISOFIX attachment system comes as standard; but can be used with vehicle's three-point seat belt as an alternative. (A0009701302)

DUO plus child seat, with ISOFIX

Suitable for children between the ages of 9 months to 4 years (9 to 18 kg), the seat offers optimum protection in the event of an accident. Sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. A system that grows along with your child: the harness height is easy to adjust in seven stages – with central, one-pull belt length adjustment. (A0009701702)

KIDFIX XP child seat, with ISOFIX

Suitable for children between the ages of 3.5–12 years (15–36 kg) and securely attached to the vehicle by means of ISOFIX or the vehicle seat belt. The seat's strengths include its exemplary side impact protection, courtesy of the energy-absorbing XP-PAD, which reduces impact in the event of a collision. Large, padded side wings also enhance side impact protection. Adjustable belt guides and headrest allow the seat to grow with your child. (A0009702302)

Head restraint modular system

Carefree travel with Mercedes-Benz Style & Travel Equipment. The head restraint elements are simple to fit and remove. The modular system centres around a base support which can be combined with a coat hanger, universal hook, folding table and tablet mount. Base support (A0008103300) Coat hanger (A0008103400) Folding table (A0008160000) Bag hook (A0008140000)

Please speak to your local Mercedes-Benz Authorised Repairer for offers and discounts on these products.

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information Images shown are for illustration purposes only

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Road fund licence rates for tax year 2025/26, effective from 1 April 2025

Band	CO ₂ emissions (g/km)	First year rate (£)	Standard rate (£)	Premium rate (£) ¹
A	0	10.00	195.00	620.00
B	1 to 50	110.00	195.00	620.00
C	51 to 75	130.00	195.00	620.00
D	76 to 90	270.00	195.00	620.00
E	91 to 100	350.00	195.00	620.00
F	101 to 110	390.00	195.00	620.00
G	111 to 130	440.00	195.00	620.00
H	131 to 150	540.00	195.00	620.00
I	151 to 170	1,360.00	195.00	620.00
J	171 to 190	2,190.00	195.00	620.00
K	191 to 225	3,300.00	195.00	620.00
L	226 to 255	4,680.00	195.00	620.00
M	over 255	5,490.00	195.00	620.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price
¹Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

Services and insurance

Mercedes-Benz Service Plans

We believe that servicing and repair costs should be as flexible and affordable as possible for your V-Class, which is why we offer a choice of Service Plans to make it easy to budget for all your servicing, MOT and repair costs. It spreads your bills into manageable monthly payments based on whether you have a new or used Mercedes-Benz.

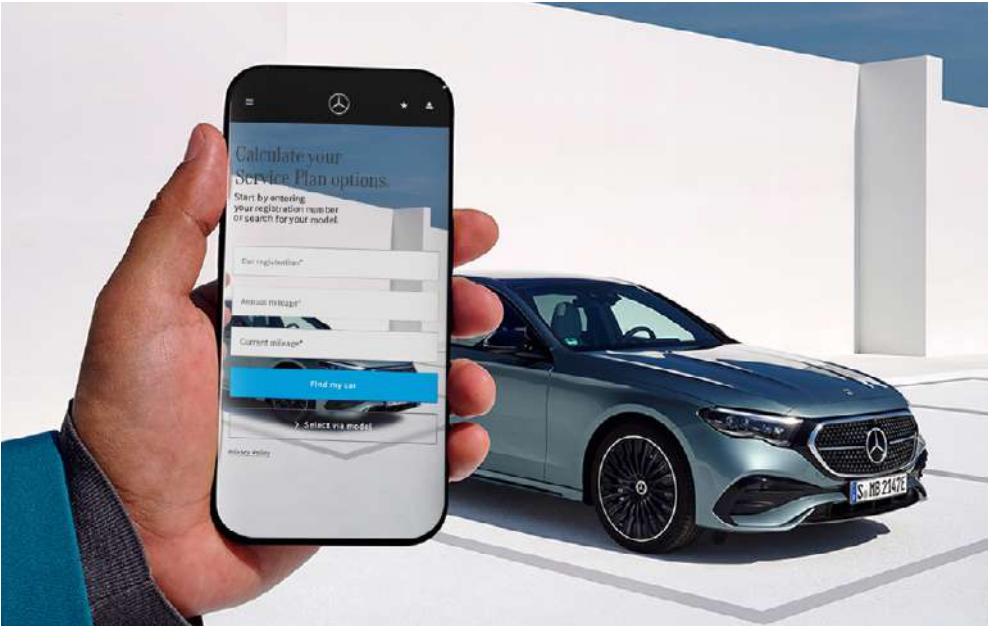

- **ServiceCare** – guarantees the price of parts and labour for up to four services and safeguards against any inflationary influences. It also covers your annual MOT fees depending on the age of your vehicle when you take your plan out.
- **CompleteCare** – our most comprehensive plan covering all your servicing, MOT, wear & tear needs as well as Extended Warranty once your vehicle turns four years old.
- **Extended Warranty** – protect yourself against sudden or unexpected repair costs after your initial warranty period has ended after three years. There are three policy options to choose from: 12-month, 24-month or a monthly pay-as-you-go option.

[Click here for more information](#)

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover¹. It gives you 5 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects² and up to 30 years warranty against perforation due to corrosion from the inside out.³ What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.³

¹Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

²Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

³Subject to full Terms and Conditions, dependent on date of registration, available upon request
